WORK EXPERIENCE

MuLearn Foundation

July 2023 – Jan. 2023

Backend Development Team Lead

Remote

- As the Backend Development Team Lead at MuLearn Foundation, I drove transformative projects benefiting over 29,660 students across Kerala as well as others from various regions in India. Through collaborations with 2,000 colleges, 300 mentors, and 40 companies, we delivered indispensable learning support and infrastructure.
- In my role, I oversaw the project roadmap, database management, documentation, team leadership, and feature planning with precision and foresight.
 - Through my innovative initiatives, MuLearn's resources continue to empower thousands of students.
 - I actively collaborated with mentors and college faculties to elevate the user experience and implement better features.
- I lead a dynamic team of backend development experts, ensuring timely delivery and feature implementation through rigorous code review sessions, meetings, and ongoing learning initiatives.
- Additionally, I've made significant contributions to Discord bot Development and Front-end enhancements for the MuLearn website.
- My proficiency extends across **Django, MySQL, Python, React.js, and Discord.py**, honed through hands-on experience and continual refinement.

MuLearn Foundation

Feb. 2023 – Sept. 2023

Artificial Intelligence State Lead

Remote

- As an AI Interest Group state lead, I organized over 20 courses and events, fostering collaborations with various expert mentors to empower a community of 2,000+ students.

EDUCATION

KMCT CE, Kerala Technological University

Expected Graduation 2025

Bachelor of Technology, Computer Science & Engineering

Mukkam, Kozhikode

- I actively spearhead initiatives within college communities to foster skill development and empower students to reach their full potential.
 - I hold key roles at communities like [IEDC KMCT CE](#), [TinkerHub KMCT CE](#), and [MuLearn KMCT CE](#), driving impactful campus-wide programs and events, averaging over 20 annually.
